

40TH ANNUAL SOUTHEASTERN CONSORTIUM FOR DERMATOLOGY

Psoriasis and Inflammatory Disorders

October 14 - 16, 2016

Richmond, Virginia

Jointly presented by

Virginia Commonwealth University Health System

Department of Dermatology

and

Eastern Virginia Medical School Department of Dermatology

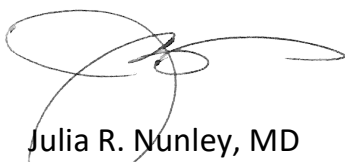

WELCOME

Dear colleagues,

On behalf of the organizing committee, we welcome you to Richmond, Virginia for the 40th Annual Southeastern Consortium for Dermatology. This activity promises to be educational, interactive and collegial. Superb speakers from across the country will present topics on psoriasis and inflammatory diseases. Dr. Nehal Mehta, from the National Heart, Lung and Blood Institute in Philadelphia will join us as our honorary Lund Lecturer and will discuss *Psoriasis-Cardiac Comorbidities*. Additionally, over 50 posters will be on display on Friday and Saturday and there will be a MOC Self Assessment session on Saturday afternoon. Please join us as well for live patient demonstration on Sunday, where over 40 challenging and interesting cases from the region will be presented for discussion and comment. Again, your full participation in this activity is most welcome, and we look forward to seeing you over the weekend.

Sincerely,

Julia R. Nunley, MD
VCU Department of Dermatology

Abby S. Van Voorhees, MD
EVMS Department of Dermatology

ABOUT THE ACTIVITY

OBJECTIVES

At the conclusion of this activity, participants should be able to:

- Recognize and understand the cardiometabolic risks associated with psoriasis.
- Understand the latest therapeutic advances in psoriasis and eczema as well as their potential risks.
- Discuss treatment options, pitfalls, and successes in the management of selected dermatological inflammatory disorders including acne, hidradenitis, blistering diseases, vitiligo, and alopecia areata.
- Highlight the role of dermoscopy in the setting of various inflammatory disorders.
- Discuss the role of various procedures in the treatment of hidradenitis.

ACCREDITATION STATEMENT

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education. The Southern Alliance for Physicians Specialties Continuing Medical Education is accredited by the Medical Association of Georgia to offer continuing medical education to physicians.

CREDIT

The Southern Alliance for Physicians Specialties Continuing Medical Education designates this Live educational activity for a maximum of 14.5 *AMA PRA Category 1 Credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

DISCLOSURE STATEMENT

As an accredited CME provider the Southern Alliance for Physicians Specialties Continuing Medical Education requires that everyone involved with a CME activity comply with the Accreditation Council for Continuing Medical Education (ACCME) Standards for Commercial Support for CME: Standards to Ensure the Independence of CME Activities. All planning committee members, staff, and speakers have disclosed any significant financial interests or relationships they have with the manufacturer(s) of any commercial product/services. Their responses are included in this handout.

ATTENDANCE

Please be sure to sign-in each day to document your attendance.

WEB APP - <http://app.resultsathand.com/secderm>

All meeting materials including the agenda, bios, attendee list, handouts, evaluation forms and CME Certificates will be accessible on the SEC web app at the above web address. Attendees will log in using the email address you registered with. You may access this web app via any device, with access to the internet, before during and after the meeting.

EVALUATION AND CME CERTIFICATES

Attendees will complete the evaluation online via the SEC Web App, <http://app.resultsathand.com/secderm>. See above.

HANDOUTS

PDF versions of the lecture presentations are available for you to review and download from the SEC Web App, <http://app.resultsathand.com/secderm>. See above.

WIFI

Wifi will be available for all attendees at both the Omni Richmond on Friday and Saturday and the MMEC Learning Center on Sunday. The login instructions will be displayed on the screen announcements.

If there is anything that we can do for you while you are here, please do not hesitate to ask any of the staff at the registration table. If you have any questions once you leave, please call the SEC office at 770-613-0932. Thank you for coming!

AGENDA AT A GLANCE

Friday, October 14, 2016

11:30 AM - 1:00 PM	Registration and Exhibits Open - James River Ballroom Prefunction
11:30 AM - 7:30 PM	Poster Symposium - James River Ballroom Salons A/B
12:00 PM - 1:00 PM	Lunch and Exhibit Viewing - James River Ballroom Prefunction
1:00 PM – 5:30 PM	Scientific Sessions - James River Ballroom Salons C/D
1:00 PM - 1:05 PM	Welcome and Introductory Remarks, Algin Garrett, MD
1:05 PM - 1:35 PM	<i>What's New with Acne Vulgaris?</i> Rachel V. Reynolds, MD
1:35 PM - 2:05 PM	<i>Biologics for Hidradenitis</i> , David M. Pariser, MD
2:05 PM - 2:35 PM	<i>An Update on Procedural Interventions for Hidradenitis Suppurativa</i> , Christopher Sayed, MD
2:35 PM - 3:05 PM	<i>Update on Medical Therapies</i> , Jeffrey P. Callen, MD
3:05 PM - 3:25 PM	Break and Exhibit Viewing - James River Ballroom Prefunction
3:25 PM - 3:55 PM	<i>Teledermatology: the VA experience</i> , Karina Parr, MD
3:55 PM - 4:25 PM	<i>Dyspigmentation</i> , Valerie Harvey, MD
4:25 PM - 4:55 PM	<i>Update on Bullous Disorders</i> , David Rubenstein, MD, PhD
4:55 PM - 5:25 PM	<i>Inflammatory Disease Mimickers: a case based discussion</i> , Jeffrey Callen, MD
5:30 PM - 7:00 PM	Cocktail Reception - James River Ballroom Prefunction

Saturday, October 15, 2016

7:00 AM - 8:00 AM	Breakfast and Exhibit Viewing - James River Ballroom Prefunction
7:00 AM - 10:30 AM	Poster Symposium - James River Ballroom Salons A/B
7:40 AM – 12:45 PM	Scientific Sessions - James River Ballroom Salons C/D
7:40 AM - 7:45 AM	Introductory Remarks, Abby S. Van Voorhees, MD
7:45 AM - 8:45 AM	Herbert Z. Lund Lecture: <i>Psoriasis and CVD</i> , Nehal Mehta, MD
8:45 AM - 9:15 AM	<i>Risks of TNF inhibitors, IL 12/23 inhibitor, IL-17 inhibitors and apremilast</i> , Abby S. Van Voorhees, MD
9:15 AM - 9:45 AM	<i>Update on Newest Psoriasis Therapies</i> , David M. Pariser, MD
9:45 AM - 10:05 AM	Break and Exhibit Viewing - James River Ballroom Prefunction
10:05 AM - 10:35 AM	<i>Atopic Dermatitis: Novel key molecular therapies in unlocking the door to a cure</i> , Zakiya P. Rice, MD
10:35 AM - 11:05 AM	<i>Atopic dermatitis: Co-morbidities and quality of life</i> , Robert Sidbury, MD, MPH
11:05 AM - 11:35 AM	<i>What's New in Contact Dermatitis</i> , Donald V. Belsito, MD
11:35 AM - 12:05 PM	<i>Vitiligo</i> , John E. Harris, MD, PhD
12:05 PM - 12:35 PM	<i>Alopecia Areata – New Treatments</i> , Kimberly S. Salkey, MD
12:35 PM - 12:45 PM	Poster Awards Announced
1:30 PM - 3:30 PM	<i>MOC Self Assessment Session</i> , James River Ballroom Salon D Julia R. Nunley, MD - Moderator, Erin Reese, MD, Kimberly S. Salkey, MD, Algin Garrett, MD, Richard Marchell, MD

Sunday, October 16, 2016

7:00 AM - 8:00 AM	Breakfast and Exhibit Viewing - James River Ballroom Prefunction
7:15 AM - 8:15 AM	Buses available to transport attendees from the Omni Richmond Hotel to the Ambulatory Care Center (ACC) at VCU Medical Center, 417 N. 11th Street
7:30 AM - 8:30 AM	Breakfast, ACC 2nd Floor
8:00 AM - 10:00 AM	Patient Presentations, ACC 2nd and 4th Floors
9:50 AM - 10:00 AM	Attendees walk to McGlothlin Medical Education Center (MMEC), 1201 E. Marshall Street
10:00 AM - 12:00 PM	Clinical Discussion, MMEC Learning Center Tassia Kostopoulos, MD , Amy Leib, MD, Laurel Cummings, MD, Kenyatta Mireku, MD Sara Braswell, MD, Cathy Massoud, MD, Sofia Shea, MD, Mark Mochel, MD
12:00 PM	Meeting adjournment
12:00 PM - 12:30 PM	Buses available to transport attendees from the MMEC to the Omni Hotel. The 2 buses will alternately leave and return to the MMEC every 10 minutes.

DISCLOSURES

The Southeastern Consortium for Dermatology controls the content and production of this CME activity and attempts to assure the presentation of balanced, objective information. In accordance with the Standards for Commercial Support established by the Accreditation Council for Continuing Medical Education, speakers and paper presenters are asked to disclose any relationship they or their co-authors have with commercial companies, which may be related to the content of their lecture.

The following speakers and meeting planners have a financial interest/arrangement as noted with industries who are offering financial support for this continuing medical education program:

Donald V. Belsito, MD has received a consultant fee, paid advisory boards or fees for attending a meeting (for the past 1 year) from Ethicon, DePuy Orthopedics, and Pfizer. *Referencing unapproved drugs: patch test allergens & they will be disclosed.*

Jeffrey P. Callen, MD has received a consultant fee, paid advisory boards or fees for attending a meeting (for the past 1 year) from XOMA, Biogen/IDEC, CSL, Abbvie, Leo Pharma, and Janssen Biotech. He has equity ownership/stock options of with Abbvie, Abbott, Amgen, Celgene, Merck, and J&J. *Referencing unapproved drugs: antimalarials, methotrexate, mycophenolate, azathioprine.*

John E. Harris, MD, PhD has received a consultant fee, paid advisory boards or fees for attending a meeting (for the past 1 year) from Pfizer, AbbVie, Genzyme/Sanofi, Concert Pharmaceuticals, Mitsubishi Tanabe Pharma, Novartis, and Aclaris Therapeutics. He has received grant support for the past 1 year (all sources) and from Pfizer, AbbVie, Genzyme/Sanofi, and Stiefel/GSK. *Referencing unapproved drugs: topical steroids, topical calcineurin inhibitors, phototherapy, vitiligo surgery.*

David M. Pariser, MD has received a consultant fee, paid advisory boards or fees for attending a meeting (for the past 1 year) from Janssen, Novartis, Eli Lilly, Boehringer Ingelheim, Celgene, and Sun Pharma. He has received grant support for the past 1 year (all sources) and from AbbVie, Merck, Janssen, Novartis, Eli Lilly, Boehringer Ingelheim, Celgene, and Sun Pharma.

Erin Reese, MD - *Referencing unapproved drugs: Use of topical steroids and topical calcineurin inhibitors for Zoon's balanitis.*

Rachel V. Reynolds, MD - *Referencing unapproved drugs: Spironolactone.*

Zakiya P. Rice, MD has received grant support from Regeneron, Celgene for the past year. *Referencing unapproved drugs: cyclosporine, azathioprine, mycophenolate mofetil, methotrexate.*

David Rubenstein, MD, PhD is employed by, and has equity ownership/stock options and patents and/or royalties with GlaxoSmithKline. *Referencing unapproved drugs: rituximab.*

Kimberly S. Salkey, MD - *Referencing unapproved drugs: tofacitinib, ruxolitinib.*

Christopher Sayed, MD has received a consultant fee, paid advisory boards or fees for attending a meeting and lecture fees (honoraria), travel fees or reimbursements (for the past 1 year) from AbbVie. *Referencing unapproved drugs: He may mention of a number of medical treatments as part of the discussion or in a response to questions fielded from the audience including infliximab, anakinra, golimumab, canakinumab, secukinumab, methotrexate, acitretin, isotretinoin, spironolactone, oral contraceptives, finasteride, a number of antibiotics from different classes.*

Robert Sidbury, MD, MPH has received a consultant fee, paid advisory boards or fees for attending a meeting (for the past 1 year) from Roche, and Pierre Fabre. He has received grant support for the past 1 year from Regeneron/Sanofi, and Anacor. *Referencing unapproved drugs: Pimecrolimus and Tacrolimus for infants.*

Abby S. Van Voorhees, MD has received a consultant fee, paid advisory boards or fees for attending a meeting (for the past 1 year) from Pfizer, Novartis, Celgene, Valeant, Merck, and AbbVie.

No other faculty or planning committee member had anything to disclose.

The following faculty will provide disclosure of financial relationships before speaking: W. Kenneth Blaylock, MD.

AGENDA

Friday, October 14, 2016

11:30 AM - 1:00 PM	Registration and Exhibits Open James River Ballroom Prefunction
11:30 AM - 7:30 PM	Poster Symposium James River Ballroom Salons A/B
12:00 PM - 1:00 PM	Lunch and Exhibit Viewing James River Ballroom Prefunction
1:00 PM – 5:30 PM	Scientific Sessions James River Ballroom Salons C/D
1:00 PM - 1:05 PM	Welcome and Introductory Remarks Algin Garrett, MD
1:05 PM - 1:35 PM	<i>What's New with Acne Vulgaris?</i> Rachel V. Reynolds, MD Upon completion of this lecture the participant should be able to: <ol style="list-style-type: none">1. identify strategies to avoid long-term use of antibiotic in patients with acne.2. utilize hormonal therapies in the treatment of acne.3. optimize topical regimens for the treatment of acne.
1:35 PM - 2:05 PM	<i>Biologics for Hidradenitis</i>, David M. Pariser, MD Upon completion of this lecture the participant should be able to: <ol style="list-style-type: none">1. know which drugs are approved by the FDA for treatment of hidradenitis.2. understand the role of procedural interventions for hidradenitis.3. become more aware of the quality of life burdens of hidradenitis.
2:05 PM - 2:35 PM	<i>An Update on Procedural Interventions for Hidradenitis Suppurativa</i>, Christopher Sayed, MD Upon completion of this lecture the participant should be able to: <ol style="list-style-type: none">1. recognize when procedures for hidradenitis suppurativa are necessary and appropriate so that they can be performed in the office or patients can be referred appropriately.2. feel more confident approaching some basic procedural interventions for hidradenitis suppurativa.3. understand how medical and procedural management of hidradenitis suppurativa can complement each other.
2:35 PM - 3:05 PM	<i>Update on Medical Therapies</i>, Jeffrey P. Callen, MD Upon completion of this lecture the participant should be able to: <ol style="list-style-type: none">1. list the risks of some systemic therapies used in dermatology.2. discuss their potential mechanism of action.3. design a method for monitoring patients before and during therapy.

NOTES

[illegible]

AGENDA

Friday, October 14, 2016 (continued)

3:05 PM - 3:25 PM

Break and Exhibit Viewing

James River Ballroom Prefunction

3:25 PM - 3:55 PM

Teledermatology: VA experience, Karina Parr, MD

Upon completion of this lecture the participant should be able to:

1. identify teledermatology practice models that are currently available.
2. discuss role of Teledermatology in resident education.
3. describe the technical, legal, and economic considerations of starting a Teledermatology program at an academic institution, based on the Hampton VA experience.

3:55 PM - 4:25 PM

Dyspigmentation, Valerie Harvey, MD

Upon completion of this lecture the participant should be able to:

1. Recognize and identify common disorders for hyperpigmentation
2. Treat and manage common disorders of hyperpigmentation

4:25 PM - 4:55 PM

Update on Bullous Disorders, David Rubenstein, MD, PhD

Upon completion of this lecture the participant should be able to:

1. understand pathophysiology of bullous disorders.
2. understand diagnosis of bullous disorders.
3. understand treatment of bullous disorders.

4:55 PM - 5:25 PM

Inflammatory Disease Mimickers: a case based discussion, Jeffrey P. Callen, MD

Upon completion of this lecture the participant should be able to:

1. identify some of the common pitfalls that occur in the practice of medical dermatology.
2. develop a differential diagnosis for inflammatory skin disease.
3. recognize the need for an appropriately selected site and type of biopsy.

5:30 PM - 7:00 PM

Cocktail Reception

James River Ballroom Prefunction

Saturday, October 15, 2016

[illegible]

AGENDA

Saturday, October 15, 2016 (continued)

7:45 AM - 8:45 AM

Herbert Z. Lund Lecture: *Psoriasis and CVD*, Nehal Mehta, MD

Upon completion of this lecture the participant should be able to:

1. Understand inflammation is associated with CVD
2. Understand psoriasis is a systemic disease
3. Characterize how to approach CV care in psoriasis

8:45 AM—9:15 AM

***Risks of TNF inhibitors, IL 12/23 inhibitor, IL-17 inhibitors and apremilast*, Abby S. Van Voorhees, MD**

Upon completion of this lecture the participant should be able to:

1. understand the risk of possible concurrent illness that occur in association with psoriasis.
2. understand the potential risks associated with TNF inhibitors.
3. understand the potential risks associated with IL12/23 agents, IL 17 agents and apremilast.

9:15 AM - 9:45 AM

***Update on Newest Psoriasis Therapies*, David M. Pariser, MD**

Upon completion of this lecture the participant should be able to:

1. have a better understanding of the new and emerging treatments for psoriasis.
2. have a better understanding of the tools used to measure psoriasis severity.
3. think about the possibility of true disease modification.

9:45 AM - 10:05 AM

Break and Exhibit Viewing

James River Ballroom Prefunction

10:05 AM - 10:35 AM

***Atopic Dermatitis: Novel key molecular therapies in unlocking the door to a cure*, Zakiya P. Rice, MD**

Upon completion of this lecture the participant should be able to:

1. review known molecular pathogenesis of (atopic dermatitis) AD.
2. review current ladder of treatment in AD.
3. review emerging therapies in AD.

10:35 AM - 11:05 AM

***Atopic dermatitis: Co-morbidities and quality of life*, Robert Sidbury, MD, MPH**

Upon completion of this lecture the participant should be able to:

1. incorporate newly described co-morbidities such as anemia and obesity into assessment of patients with atopic dermatitis.
2. apply lessons learned from reason burden of disease audit in caring for AD patients.
3. develop a strategy to assess quality of life impacts and use these to guide therapeutic escalation.

11:05 AM - 11:35 AM

***What's New in Contact Dermatitis*, Donald V. Belsito, MD**

Upon completion of this lecture the participant should be able to:

1. identify new emerging contact allergens.
2. utilize the appropriate allergen preparation for screening sensitivity to these allergens.
3. instruct patients in appropriate means to avoid the allergen(s).

[illegible]

AGENDA

Saturday, October 15, 2016 (continued)

11:35 AM - 12:05 PM

Vitiligo, John E. Harris, MD, PhD

Upon completion of this lecture the participant should be able to:

1. recognize common, uncommon, and rare presentations of vitiligo.
2. summarize available treatment options for vitiligo and their limitations.
3. integrate new research discoveries to predict future targeted treatments for vitiligo.

12:05 PM - 12:35 PM

Alopecia Areata – New Treatments, Kimberly S. Salkey, MD

Upon completion of this lecture the participant should be able to:

1. understand mechanism of action for new alopecia areata treatments.
2. apply medication understanding in order to prescribe new medications appropriately.

12:35 PM - 12:45 PM

Poster Awards Announced

1:30 PM - 3:30 PM

MOC Self Assessment Session, James River Ballroom Salon D

Julia R. Nunley, MD - Moderator

Erin Reese, MD, Kimberly Salkey, MD, Algin Garrett, MD, Richard Marchell, MD

**NOTE - This session requires pre-registration. If you did not pre-register but would like to participate, please see the staff at the registration table by Saturday 10am.*

Sunday, October 16, 2016

****SEE YELLOW HANDOUT FOR DETAILED SUNDAY SCHEDULE, DIRECTIONS AND MAPS****

7:15 AM - 8:15 AM

Buses available to transport attendees from the Omni Richmond Hotel to the Ambulatory Care Center (ACC) at VCU Medical Center, 417 N. 11th St.

7:30 AM - 8:30 AM

Breakfast, ACC 2nd Floor

8:00 AM - 10:00 AM

Patient Presentations, Ambulatory Care Center (ACC)

Patients 1 - 12, 2nd Floor

Patients 22 - 41, 4th Floor

9:50 AM - 10:00 AM

Attendees walk to McGlothlin Medical Education Center (MMEC), 1201 E. Marshall St.

10:00 AM - 12:00 PM

Clinical Discussion, MMEC Learning Center

**Tassia Kostopoulos, MD, Amy Leib, MD, Laurel Cummings, MD, Kenyatta Mireku, MD
Sara Braswell, MD, Cathy Massoud, MD, Sofia Shea, MD, Mark Mochel, MD**

12:00 PM

Meeting adjournment

12:00 PM - 12:30 PM

Buses available to transport attendees from the MMEC to the Omni Hotel. The 2 buses will alternately leave and return to the MMEC every 10 minutes.

POSTER SYMPOSIUM

#	Submitting Author	Institution	Abstract Title
1	Christine Ahn MD	Wake Forest School of Medicine	The most common cutaneous drug reactions encountered on the dermatology inpatient consult service: A 5-year experience at a tertiary academic center
2	Shomoukh Alshamekh MD	Emory University	Black Swan Dermatoses: A Hairy Dermoscopy Challenge
3	Michael Anderson MS	Wake Forest School of Medicine	A case of primary cutaneous angioinvasive fungal infection masquerading as calciphylaxis shortly after renal transplant
4	Michael Anderson MS	Wake Forest School of Medicine	An atypical case of dermatomyositis with rapidly progressive interstitial lung disease

ABOUT THE SEC

The SEC has its roots in the Virginia-Carolinas Dermatological Society, the brainchild of Dr. Peyton Weary of the University of Virginia. Started in the early 1970s, the VCDS soon grew under the guidance of Dr. Weary, Dr. W. Mitchell Sams, Jr. of the University of North Carolina, and other founders to include academic dermatology departments from Virginia to Georgia. This geographic expansion, of course, necessitated a name change for the organization, and thus was born the Southeastern Consortium for Dermatology. The first annual meeting of the new, larger SEC was held at the University of North Carolina in 1977. In 1987, the Charlotte Dermatology Association (all private practitioners!) volunteered to host the SEC meeting when none of the academic institutions were able to host. In recent years, the SEC has extended its reach with the addition of the University of Alabama in 2000 and Eastern Virginia Medical Center in 2002. Today the SEC is composed of ten sponsoring departments.

From the beginning, the SEC was designed to bring together dermatologists from academia and community practice from throughout the region. Originally, it was intended that meetings be held no more than one day's drive from the homes of the members, though later expansion eventually put an end to that notion. Meetings were to be less formal than larger, national meetings. Both live-patient viewing and didactic lectures have been part of the program from the outset with the current format of Friday afternoon and Saturday morning for the didactic lectures and Sunday morning for the patient presentations. Speakers for the meetings were and are primarily drawn from the membership of the SEC, with few outside lecturers.

The SEC Steering Committee, with representatives from each of the programs, provides continuity, historical perspective and oversight of the CME, the main meeting topics, and the finances of the organization. There have been 3 SEC Steering Committee chairmen: David Woodley, MD of UNC who served from 1984 to 1987, Jack Lesher, MD of MCG who served from 1987 to 1991 and Elise Olsen, MD of Duke who has served from 1991 to the present. Since 1991, each of the host institutions has been responsible for the meeting management with the Steering Committee Chairman providing guidance to the hosting sites, financial oversight, retention of records and a forum for discussion of potential changes or problems.

In 2002, the Steering Committee developed Administrative Regulations to help provide both a historical perspective and uniformity of meeting format practice for each hosting site. In 2004, the first additional half day site-based workshop was hosted at UAB and a half day path review course was initiated in 2007 by VCU/EVMS: these are held at the discretion of the hosting institution. In 2009, an SEC website was added to provide information on meetings for potential attendees and to house the historical and financial records of the group.

SAVE THE DATE

41ST ANNUAL SOUTHEASTERN CONSORTIUM FOR DERMATOLOGY NOVEMBER 3 - 5, 2017

Augusta Convention Center • Augusta, GA

presented by Medical College of Georgia | Augusta University

This image shows a full page of white paper with horizontal blue or grey ruling lines. The lines are evenly spaced and run across the width of the page, providing a template for writing. There are no margins, text, or other markings present.
