Attention Dermatology Residents and Fellows! We're having the first ever Medical Dermatology Poster Competition this year! Send the abstracts for submission of your interesting **medical** dermatology cases to djs8582@yahoo.com with your name and contact information. Cash prizes to best posters!

Target Audience

This symposium is designed for dermatology faculty, residents and fellows and for dermatologists in private practice.

Purpose

The 2008 Southeastern Education Consortium annual meeting will gather faculty, residents and fellows from nine major academic medical centers in the Southeast for interaction with private physicians and patients who exhibit interesting dermatological anomalies. The meeting will promote the educational and professional growth of dermatologists and strengthen relationships within the specialty. The focus of the 2008 meeting is medical dermatology with an emphasis on diagnosing and treating infectious disease, pediatrics and cutaneous manifestations of systemic diseases. The consortium enables attendees to learn from one another in a dynamic, productive atmosphere surrounded by leaders in dermatology.
